PETITION TO CORRECT FILING DATE

Commissioner for Patents
P. O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Applicant respectfully submits a Petition to Correct Filing Date.

On November 12, 2003, my secretary Jean Bové, prepared for filing by Express Mail the above-identified patent application that required a filing date of November 13, 2003. She placed the Express Mail envelope in the Fulbright & Jaworski mail room, which is operated by Xerox Corporation. Express Mail is picked up each day by the United States Post Office at that location. It was logged in by Rick A. Persaud on November 12, 2003, along with four other Express Mail envelopes to be mailed that day. It was picked up by the usual U. S. Postal employee, Joe Aramda on November 12, 2003 and signed for by him in the presence of Mr. Persaud; see **Exhibit A** attached.

The return receipt post card was received by Jean Bové on December 2, 2003, copy enclosed as **Exhibit B**. Upon inspection of the post card she checked the file and noted it was mailed on November 12, 2003. The Express Mail Receipt showed date in as "11-14-03" which was incorrect. She obtained a copy of the United States Postal Service Pickup Statement and noted that her Express Mail was indeed picked up on November 12, 2003, along with four other Express Mail envelopes, by Joe Aranda. Ms. Bové then checked the status on-line of the Express Mail through Track & Confirm. This Express Mail item was picked up on November 12, 2003 stated it was delivered on November 14, 2003 to the PTO; a copy is enclosed as **Exhibit C**.

Express Mail Receipt for EV324745571US, copy attached as **Exhibit D**, states that the above-identified application, was received November 14, 2003 by the PTO, and the U.S. Postal Service Tracking Receipt, **Exhibit C**, states it was received on 11/14/03, but the application was actually picked up by the U. S. Postal Service on November 12, 2003.

Attached is a letter, **Exhibit E**, signed by B. Davis, Administrative Associate of the United States Postal Service stating that the Postal Service is responsible for the error.

All five envelopes were picked up on November 12, 2003 by U. S. Postal Service employee, Joe Aranda, and should receive the November 12, 2003 filing date. The circumstances surrounding this incident were clearly not the fault of applicant. The above-identified application was based on a provisional application which was filed on November 13, 2002 and it is critical that it receive the proper filing date which is 11/12/03.

Applicant fully complied with the Patent and Trademark Office Rules of Practice in filing this application. Applicant respectfully requests that this Petition be granted and the correct filing date of November 12, 2003 be accorded to this application.

A Declaration by my secretary, Jean Bové, is attached hereto as **Exhibit F**.

The Commissioner is hereby authorized to charge the Petition Fee of \$130.00 to our Deposit Account No. 50-0337, under Order No. 7171-114. If any other fees are required or any overpayment is made please charge or credit Deposit Account No. 50-0337. A duplicate copy of

this paper is enclosed.

To Whom It May Concern:

On 11/12/03 the United States Postal Service accepted Express Mail Articles **EV324745571US** from our customer, Fulbright & Jaworski via our "on call pickup service". I do not have personal knowledge of the receipt of this articles or its processing. However, it has occurred in the past that Express Mail articles picked up by a postal employee at the mailers' address are not immediately signed in, dated and scanned as accepted at the mailers site but transported to the Postal Service processing unit. In this case the date and time (**11/14/03, 02:00**) that the Postal employee is processing the Express Mail article is recorded as the **"ACCEPTANCE DATE AND TIME"**.

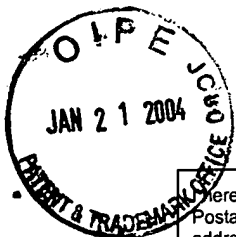

Although we picked up the Express Mail articles on 11/12/03 at 17:30 after the cutoff time for guaranteed next day delivery, regrettably we did not process these articles until 11/14/03 at 02:00. Clearly the Postal Service is responsible for this unfortunate delay and not the sender.

Please accept our apology for any trouble or inconvenience caused by the Postal Service's delay of these Express Mail articles. We regret the delay and request and hope that you will not penalize the sender for our delay of the Express Mail articles.

Sincerely,

A handwritten signature in cursive script that reads "B. Davis".

B. Davis, Administrative Associate

DECLARATION OF JEAN BOVE'

I, Jean Bové, hereby state that I am employed by Fulbright & Jaworski LLP as a Legal Secretary in the Intellectual Property Department.

On November 12, 2003, I prepared for filing by Express Mail the above-identified application that required the filing date of November 13, 2003. I placed the Express Mail envelope in the Fulbright & Jaworski mail room, which is operated by Xerox Corporation. Express Mail is picked up each day by the United States Post Office at that location. It was logged in by Rick Persaud on November 12, 2003 (Exhibit A to the Petition) to be mailed that day.

The return receipt post card was received by me on December 2, 2003, copy enclosed as Exhibit B, to the Petition to Correct Filing Date. Upon inspection of the post card I checked the file and noted it was mailed on November 12, 2003. The Express Mail Receipt showed the date in as "11-14-03" which was incorrect. I obtained a copy of the United States Postal Service Pickup Statement from Rick Persaud and noted that Express Mail was indeed picked up on

November 12, 2003 along with four other Express Mail envelopes. I went on-line to check the status of the Express Mail through Track & Confirm Exhibit C to the Petition which stated it was received on November 14, 2003.

I hereby declare that all statements made herein of my own knowledge are true and that all statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
